<http://www.bistro26erie.com/>

One of my favorite restaurants! **Bistro 26** is perfect for a casual, delicious meal in a very relaxed atmosphere. This American restaurant is warmly decorated and spotlessly clean, with gleaming tables and pristine cloths. All the food is tasty including their vegetarian options, Both Mediterranean wrap for lunch and the Mediterranean Linguine for dinner. Both have the perfect blend of flavors and freshness. Their salads are made with the freshest ingredients and their meats are all quality cuts.

The pleasant noise of background conversations is at a soothing level, allowing you to enjoy conversation with your guest or a peaceful meal on your own. As soon as you step through the door at the Bistro, you'll be glad you came!
